2018-2019
6th Ancient History/STEM
Unit Outline
Mr. McCrobie

Throughout the course of the year, this course will follow multiple sets of standards set by Wicomico County. In addition to these standards, this course will also aim to meet the Maryland State Department of Educations' STEM Standards of Practice. Although this course is supplemented by a textbook, we will not be following its scope and sequence throughout the year.

STEM Standards of Practice:

The titles of the seven STEM Standards of Practice are:

1. *Learn and Apply Rigorous Science, Technology, Engineering, and Mathematics Content*
2. *Integrate Science, Technology, Engineering, and Mathematics Content*
3. *Interpret and Communicate STEM Information*
4. *Engage in Inquiry*
5. *Engage in Logical Reasoning*
6. *Collaborate as a STEM Team*
7. *Apply Technology Appropriately*
